

MEMORANDUM FOR: 

I assume that whoever handles these matters will prepare the voucher to give me whatever I am due. I certainly don't know about travel entitlements, but questioned the amount on the attached voucher. I don't intend to pay money back then write a memo to acquire an amount that is less than the cost of preparing the memo. Inclosed is the amount of the travel advance. You can cancel my claim--it's not worth the hassle.
